

## Examination scholarship for foreign students in the winter semester 2022/2023

Are you a foreign student and in the examination phase? Your financial resources have been used up or you can no longer work so much on the side because you need your strength for your thesis?

In the winter semester of 2022/2023, the city of Hamburg will again provide financial means to support you. The Studierendenwerk Hamburg will carry out the application procedure and is therefore your contact partner. Monthly maximum: 720 Euro.

We are responsible for the following universities:

- HAW Hamburg
- TU Hamburg
- HCU
- HfbK
- HfMT

Students of the University of Hamburg please contact the Department of International Affairs, Mittelweg 177, 20148 Hamburg.

### Requirements:

- Your financial situation is tense. This means that you do not have the necessary financial means to cover your monthly costs. Your family cannot support you financially and you do not receive sufficient funds from other donors, e.g. scholarships from other organisations, or BAföG.
- You are expected to complete your studies within two semesters, i.e. at the latest in the summer semester 2023. One of your professors will confirm that.

### Application procedure:

- You can get the application forms via email. The application round for the summer semester 2022 starts for HAW students on 01.09.2022, for all other universities on 01.10.2022. Starting from this date you can request the application documents.
- You submit the completed forms (including the forecast of a professor) and the required documents (e.g. account statements) via email to the end of the deadline.
- The responsible funding committee will make the decisions. Depending on the amount of available funds, the number of applications and the income situation of the applicants, the amount of the scholarship can vary considerably. You will be informed about the outcome. If the grant is accepted, we will transfer the stated amount to your account on a monthly basis.

**Application deadlines: HAW until 30.09. 2022, all other universities until 31.10.2022.**

If you have any questions, please contact the Studierendenwerk Hamburg.
