HCU Cloud – What does it look like?

The screenshot displays the HCU Cloud web interface. At the top is a dark blue navigation bar with various icons for file management, search, and user profile. On the left, a sidebar contains navigation options: 'Alle Dateien', 'Neueste', 'Favoriten', 'Freigaben' (with sub-options for sharing), 'Tags', and 'Geteilt mit Kreisen'. The main area shows the 'Digitales Lehren und Lernen' folder. Below the folder name is a text prompt 'Notizen, Listen oder Links hinzufügen ...'. A table lists the contents of the folder, with columns for selection, name, size, and modification date. The table contains eight entries, each with a share icon and a user profile picture. The entry '05_Beratung' is highlighted.
