• Instant messaging service (similar to Slack)
• Login: https://chat-hcu-hamburg.de (HCU ID and password)
• No access without HCU ID
• Browser, client or mobile app

WHAT IS IT FOR?
• Informal chat (teams, private channel, direct messages)
• Sharing links/files
• Exchange in working groups

SUPPORT
• Online self-study course for HCU members
Mobile DevOps

What are we doing for the logging points in our in-app purchases split test?

Amara Nufis 10:33 AM
@Michael @Susan Here's the latest Mobile User Analytics Report I put together

Mobile User Analytics.pdf

PDF 15KB

John Vu 10:35 AM
@Alex Think we could have the GitLab build pipeline trigger the release pipeline?

Alex Rodriguez 10:37 AM
We could definitely do that. It'd be a little more complicated since we only want builds for tags to trigger the release pipeline but it's doable.

John Vu 10:40 AM
Great, I'll make a Jira ticket for it. Time for standup @all!

Zoom Meeting
Personal Meeting ID (PMI): 3271823343

Ayanna Moore 10:34 AM
We're using Splunk to monitor the logging points as well as to trace and analyze the data. Here is a sample dashboard.

optionC.png

Matt Morrison 10:37 AM
I like the plan @Ayanna Moore!

Let's make sure the team has access to review this.

Rachel Brown 10:40 AM

New Messages
HCU Zoom

What is it?
• Web conferencing tool for lectures, exchange & group work
• Login: https://hcu-hamburg.zoom.us/ (with HCU ID and password)
