Courses you wish to attend and approval of the lecturers

It is mandatory to ask the lecturers for their approval to attend the courses, the applicant needs to collect the signatures before handing in the application form. If a signature is missing it won't be possible able to attend that course. The courses can consist of several parts, therefore you need to specify which parts of the course you want to attend. For example when you want to attend the lecture and the seminar each lecture needs to give their approval. HCU students always come first so if the maximum number of participants is already reached it will not be possible to attend the course. That is why the final decision can only be made after the registration period for the lectures has ended.

It is not possible to attend first semester courses in the following study programs:
