THE FUTURE IS HERE

Antrittsvorlesung
Professur für Entwerfen, Raum- und Gebäudelehre

Alessandro Gess

Giulia Biondi · Felix Schuschan · Antonia Lembcke · Hana Lotzer

We cordially invite you to the inaugural lecture of Alessandro Gess, who was appointed Professor for Entwerfen, Raum- und Gebäudelehre in the Department of Architecture at HCU in 2024. As architect and urban planner, partner at l'AUC (Paris), his work explores scenarios for the contemporary metropolis by challenging conventional hierarchies of scale, methodological approaches, and disciplinary boundaries. l'AUC's work has been recognized with the Grand Prix de l'Urbanisme and the Patrick Abercrombie Prize (2023) for Urban Planning and Design.

23. April 2025
